BOLD BURGLARS VISIT CITY AND COUNTY STORES.

Effecting an entrance by breaking out the glass in the rear door and unlocking the door, burglars paid a visit to the clothing store of I. L. Price & Co., in this city, Wednesday night, securing a large quantity of furnishing goods, three suits of clothing, etc. A monkey wrench and an iron pin that had evidently been used in breaking the glass, were found near the door. This is the third time the store has been visited by thieves. The robbery was reported to the police, who are working on the case.

Late Wednesday night, or early in the morning, as the case may have been, thieves visited the general store conducted by Mr. Oscar Smith, at Elizabeth, and got away with goods to the value of \$250. The burglars effected an entrance by breaking out a window and throwing the sash lock. They helped themselves generously of the stock, showing very little discrimination, taking clothing, shoes, underwear, tobacco, cigars, and almost everything that seemed to suit their fancy. After loading up they broke open a side door and made their exit. Upon opening up the store Mr. Smith discovered the visitation, and immediately notified the authorities. Capt. V. Mullikin, of Lexington, was sent for, and came to the scene with his bloodhounds, but the dogs, after an hour's work, gave up the job, apparently without a scent to lead them to the perpetrators.

HOSPITAL COMMITTEE AT WORK

In furtherance of the work placed on them by the City Council at a recent meeting constituting them a committee to investigate the management and conduct of the Massie Memorial Hospital, in this city, the following ladies of Paris are holding meetings for that purpose: Mrs. A. T. Forsyth, Mrs. Wade H. Whitley, Mrs. William Kenney, Misses Mary Stone and Helen Hutchcraft.

The committee formed an organization by selecting Miss Helen Hutchcraft as chairman. The committee is holding regular meetings and examining witnesses. They will endeavor to bring their investigation to a close in time to make a complete report at the next regular meeting of the City Council, which will be held on Thursday night, September 11. The committee was selected by Mayor E. B. January in compliance with a resolution adopted by the City Council.

BAND CONCERT SUNDAY AFTERNOON.

The weather permitting, a band concert will be given in front of the court house, in this city, beginning at five o'clock, Sunday afternoon, by Prof. Angelo Mommeloe's famous Concert Band of sixteen pieces, connected with the Rubin & Cherry Carnival Co.

This band is said to be one of the best organizations on the road, and is composed of musical artists who have made a national reputation in their profession. It has filled several engagements on one of the Chautauqua circuits, and has been highly praised by the press and musical critics as a band of great excellence. The program to be rendered will be a varied one, suited to the occasion and to the tastes of the general public.

TRAMPS CAUSE BIG BLAZE AT CATTLETTSBURG.

A fire at Cattlettsburg, caused loss estimated at \$150,000. The Union Liquor Company's store with about \$15,000 worth of whisky; Stender's saloon, with about \$10,000 worth of liquors; a pool room and the River-view Hotel were burned to the ground. The Riverview Hotel was vacant. It is thought that the fire was started by vagrants. The loss is partly covered by insurance.

MAY SELL BOONESBORO.

Dr. D. J. Williams has received a flattering offer to sell Boonesboro to a New York syndicate. He has the matter under consideration. There are eight cottages at Boonesboro. Each is full and several others are camping at the beach. It is said to be the plan of the syndicate which wishes to buy out Dr. Williams to erect a large hotel, and make the place an all-the-year resort.

SUITS FILED FOR NOVEMBER TERM OF CIRCUIT COURT.

Several suits of more or less legal importance have been recently filed in the office of Circuit Court Clerk W. H. Webb, to be heard at the November term of the Bourbon Circuit Court.

In a petition filed by Cash Crowe, he alleges that he purchased a lot from Mrs. Anna McLearn, on which he had paid the sum of \$50. On tendering the balance of the purchase price, he alleges, Mrs. McLearn refused to accept it or to abide by the contract made between them. He asked for an order of Court compelling Mrs. McLearn to accept the balance of payment money and give him a deed to the lot.

A friendly action looking to the disposition of some property was filed by C. K. Redmon against Lucy Quinby and others.

A suit for damages in the sum of \$1,500 has been filed against Edward Owsley, contractor, by Wm. J. Cain, carpenter. In his petition Cain asks for compensation for physical pain and mental anguish sustained when the side of a barn being erected by the defendant collapsed and fell upon him. He also prays for a judgment for \$210 for loss of time.

Judgment against J. G. Cotton & Co. and L. Bruggeman doing business in Cincinnati under the name of A. S. Dewson & Co., is asked in a suit filed by Wm. M. Goodloe, commission salesman of Paris. The plaintiff claims to have represented the firm as commission agent in Paris, and was to receive six per cent. commission on sales. Mr. Goodloe claims to have sold goods to the amount of \$6,333.33, on which he was entitled to commissions amounting to \$200, which, he alleges, the firm has refused to pay.

WILLS OF MCCLINTOCK AND FISTER FILED.

By the will of John N. Fister, recorded in the County Clerk's office at Lexington, all his property is bequeathed to his widow, Mrs. Clara Elizabeth Fisher, to be enjoyed by her during her lifetime. At her death the property is to be divided equally among his children by Clara Elizabeth Fister, and his former wife, Anna M. Fister. Clara Elizabeth Fister is appointed statutory guardian of her children, three of whom reside in Bourbon county, and executor of the will without bond. The instrument is dated December 5, 1912, and was witnessed by S. A. Wallace and D. G. Falconer.

The will of Russell A. McClintock, formerly of Bourbon county, also filed for probate, directs his \$1,000 insurance policy be collected and go to his sister, Mrs. Mary M. Haydon, together with his personal effects, after his expenses are paid. The will bears the date of Oct. 4, 1916.

PARENTS WARNED TO KEEP CHILDREN IN SCHOOL.

That the compulsory school attendance law will be enforced to the letter in Paris, and persistent offenders taken before the Court, is indicated in the determination expressed by the local Truant Officer, who has charge of such matters.

Parents will be given ample warning to see that their children attend school regularly. In the past few years trouble in keeping children in school has been confined to a few families. This year no half-way measures will be taken, but the offenders will be punished.

OFFICERS FOR SPECIAL ELECTION.

The officials who have been selected by the County Board of Election Commissioners to officiate at the twenty voting places in the county for the special election to be held tomorrow, have been notified to be at their places promptly before the polls open at six o'clock.

It has been made mandatory upon these officers to serve, and those who fail to appear for duty will be cited to appear before the County Judge and present valid reasons for not doing so. The punishment is fixed by the statutes at a fine of \$20. The officers are the same ones who were named to conduct the primary election in August.

TRANSFERRED TO CORBIN.

Mr. J. J. Lee, who has for several months been one of the most efficient of the Metropolitan Life Insurance Company's solicitors, at this point, has been transferred to Corbin. Mr. Lee will be placed in charge of the Corbin district, as Deputy Superintendent. The district embraces quite a large scope of territory. Mr. Lee will leave tomorrow for Corbin to assume his new duties.

ATTORNEY GENERAL'S OPINION ON STATE SCHOOL FUND.

Public schools of this commonwealth, drawing funds from the State School Fund, must maintain a minimum of six hours of actual teaching each day. This opinion was given to the Frankfort Board of Education by Attorney General Morris.

In the opinion Mr. Morris quotes section 4366 of the Kentucky Statutes, which read as follows: "Six hours of actual work in the schoolroom shall constitute a school session and under no circumstances shall the daily session, including recesses and intermissions exceed nine hours in length in any school of the State."

The plain meaning of the statute, Mr. Morris says, is to require a minimum of six hours of actual teaching in all the schools of the State by all teachers who receive any part of the money raised by taxation for school purposes.

The Frankfort Board of Education decided for two sessions of school daily.

The opinion of Attorney General Morris is of State-wide interest, as it effects all of the public schools of this commonwealth.

COUNTY COURT ORDERS

Robert McPheena, husband of Mrs. Anna McPheena, who was killed by a stroke of lightning during an electrical storm near Paris some weeks ago, qualified in the County Court, Tuesday, as administrator of the estate. He gave bond in the sum of \$10,000, with Thos. J. Redmon as surety.

Judge Batterson appointed I. B. Patterson as administrator of the estate of Henry Patterson, who died recently at his home in Millersburg. Mr. Patterson accepted the trust and qualified by furnishing bond in the sum of \$1,500, with John F. McDaniel and Elizabeth Patterson as sureties.

HORSE AND TRAP DISAPPEAR

While Mr. Walter Clark was preparing to take Mrs. Alice Ware and her two young granddaughters to the 5:39 L. & N. train Tuesday morning he hitched his mare and two-seated trap to a post near his home on Fifteenth street. When he came out a few moments later the outfit had completely disappeared. The police were notified.

The pony and cart were later found on the Steele Ford pike, having evidently been driven there by a "joy-rider" and abandoned.

MRS. CLAY'S FARM BRINGS TOTAL OF \$117,750.

The 573 acre farm of Mrs. C. M. Clay, of Paris, located six miles south of Richmond, was sold at public auction Tuesday morning by Auctioneer Boliver Bond, at an average of over \$200 an acre, or a total of \$117,750. The farm is part of "Blythwood," the famous farm of Mrs. Clay's father, the late Major John D. Harris. There was a big crowd at the sale, bidders from a half-dozen different counties being present. The farm was sold in three tracts, 573 acres being included in the whole sale as follows:

Tract No. 1, containing 142.62 acres was bought by John C. Stone, of Lexington, at \$245.25 per acre. There are no improvements on this land, except stock scales; it is all in blue grass and has been for a number of years.

Tract No. 2, containing 200 acres, was bought by W. F. Moody, of Kingston, at \$250.10 an acre. This tract contains a four-room cottage, two tenant houses, and what is said to be the largest tobacco barn in Madison county.

Tract No. 3, containing 229.87 acres, was bought by John W. Herndon, of Berea. This land is all in grass except 15 acres, and is splendid tobacco land, as is all of the farm.

FORGERS AT WORK.

Smooth check forgers are getting in their work in Paris again and merchants of this city seem to be their easiest victims. Five checks, each purporting to bear the signature of Samuel H. Shout, a well-known Bourbon county farmer, were cashed by five different merchants recently, the papers afterward proving to have been forgeries. Three of the checks were for \$24 each, and three for \$21 each. There is no clue to the identity of the pen-artists who forged the checks. The merchants who cashed them could not give accurate descriptions of the parties who presented them, so the police have slender hope of catching the guilty ones.

TO THE VOTERS AND TAXPAYERS OF BOURBON COUNTY

An advertisement is being carried in the local papers wherein arguments are presented against the road tax, and we deem it advisable to answer the advertisements.

In the first place, there are two separate and distinct questions to be voted upon and each question will be on a separate ballot. One is, the bond issue, and the other is the twenty-cent road tax.

If both carry, there can only be one levy of twenty cents on each one hundred dollars of assessed property in Bourbon County. The Fiscal Court can elect to use the levy between the two, but the Constitution prohibits any additional levy in excess of the twenty cents.

One point raised in the advertisement is that the farm lands of Bourbon County will be increased for taxation ten dollars per acre for next year. There is about one hundred and eighty thousand acres of land in Bourbon County and at ten dollars per acre increase, this will increase the assessment one million eight hundred thousand dollars. The present road tax rate is twenty-five cents on each one hundred dollars of the assessed valuation and the increased road tax, therefore, on account of the increased value of land, will produce forty-five hundred dollars more for road purposes than produced heretofore. This increase will not repair over one or two miles of water-bound macadam road at the present price of labor. In addition thereto, it has been proven by experience in this county that water-bound macadam will not hold up under automobile traffic. All road departments advise the surface treatment of oil-asphalt, in order to hold the top surface of the roads. This treatment is now being used on the Paris and Lexington pike and on the North Middletown pike.

The Fiscal Court deemed it best to preserve these last two roads completed. Without this treatment these roads would go to pieces within a few months and money spent in building them would have been wasted. This oil asphalt treatment will prevent the roads from going to pieces. Therefore, the treatment given to these roads was not for the purpose of favoring one section over the other, but for the purpose of preserving that which had been paid for by the tax payers of Bourbon County.

There has for the past few years been an argument made that the North Middletown pike is a favored road, and this advertisement attempts to revive the old argument, but, as a matter of fact, the road leading from Paris to North Middletown is the only pike in the North Middletown precinct which has received any repairs whatever in the past fifteen years. The side pikes in this precinct are in a deplorable condition.

Furthermore, under the building program these two pikes which have been surface treated will probably be the last two pikes to receive the permanent road material, should the road tax carry, for the very reason that the other main roads are in more need of immediate work.

The advertisement also attempted to create prejudice against money lenders. It is true, if bonds are voted money must be borrowed and the money will be borrowed upon the bonds sold, and the bonds will be sold at competitive bids and the best bid will be accepted.

Money lenders can procure all the Government bonds they wish at below par, and they are not personally interested in the road building of Bourbon County, for in all probability these bonds will be sold to people living in some of the larger cities.

Another argument in the advertisement stated that the Fiscal Court desired to shift the responsibility of the roads, and thereby appointed four road commissioners. These four road commissioners appointed, are all business men with character above reproach. They agreed to devote their time to the interests of Bourbon County without charge. The Fiscal Court invited the tax-payers of Bourbon County some several months ago to name an Advisory Committee to meet and confer with the Court upon the road question, and this was done for the following reasons:

First, the Fiscal Court realized the impossibility of maintaining the roads of Bourbon County with its present funds, and they wanted the business men of the county to become interested in the proposition in order that they might fully understand that the road building of Bourbon County was the biggest business proposition now before the people of the county.

Second, for years malicious or ignorant people have accused the Fiscal Court of either graft or failure to properly expend the money. These accusations are oftentimes made from personal motives and other times through ignorance. The Fiscal Court, realizing there was no truth in any of them, wanted a committee of disinterested persons to meet and

FISCAL COURT PROCEEDINGS

The September term of the Bourbon Fiscal Court convened yesterday with County Judge George Batterson presiding, and the following members of the Court present: Fretwell, Thomasson, Burris, Talbott, Stephenson, Wiggins, Shropshire and Turner.

The report of County Road Engineer Ben F. Bedford for the month of August was read, received and ordered filed.

A large number of claims against the county were allowed and ordered paid.

County Treasurer Bedford was ordered to borrow the sum of \$20,000 for use of the Turnpike Fund, and to execute his note for same, payable January 1, 1920, bearing interest at six per cent. from date until paid. The County Treasurer was also ordered to borrow the sum of \$4,000 for use of the General Fund, and to execute his note for same, payable January 1, 1920, bearing interest at six per cent. from date until paid.

Justices Fretwell, Thomasson and County Attorney D. D. Cline were appointed a committee to audit the books and accounts of the County School Superintendent.

The Court adjourned to October 2.

confer with the Court on the expenditure of this money in order that the tax-payer would know they were getting full value for the money spent upon the roads and that the Fiscal Court itself was doing the best it could with the means at hand.

Third, the Magistrates of Bourbon County each receive from the County about fifty dollars per year for their services, and as they are working for almost nothing, they felt that others interested in the same proposition should share a part of the responsibility and familiarize themselves with the road building of Bourbon County.

Automobile and road traffic has increased so, that the traffic upon the public roads has multiplied many times within the past fifteen years. There are now from fifteen hundred to two thousand automobiles in Bourbon County, and if each machine travels an average of ten miles per day, there is automobile traffic on the roads of Bourbon County of fifteen thousand miles per day, or six or seven million miles per year.

The amount of money now paid by the tax-payers of Bourbon County for road purposes will not stand this traffic. Motor trucks are increasing and are carrying a great deal of the short haul freight. Within the next few years motor trucks will compete with railroads in the hauling of light freight and any town that does not have good roads leading into it will be left off the transportation map. Good roads mean as much for a town in the next few years as railroads have been in the past, and we know that any community not in touch by a railroad is retarded in its growth, and any community that does not take up the good road movement and build roads that will withstand the increased motor traffic will also be retarded in its growth.

The people often regret that the L. & N. Railroad was not built from Paris instead of Winchester, and in a few years time we will regret that the turnpikes of Bourbon County are not built so as to receive our proportion of the motor traffic.

Our neighboring counties are voting the tax for road purposes and if we are to keep step with them we must also vote it. The same persons who are now opposed to the road tax would have been opposed to the freeing of turnpikes more than twenty years ago, had they had a voice in that subject, but how many people to-day would want the old toll gates returned?

Road tax will make it possible to operate three or four crushers upon the side pikes during the year and thereby build about forty miles of side pike each year, which in the course of five or six years will rebuild every side pike in Bourbon County and in the same course of time, the main pikes of Bourbon County can mostly be rebuilt of some durable and permanent material.

With the present amount of taxes received, the county roads can never grow better and will gradually grow worse, and if something is not done by which more money can be obtained for road purposes, the roads of your county will be almost impassable within five to ten years time.

It is the duty of every progressive person to vote in favor of this road tax.

Let Bourbon County retain its good name of progressiveness and keep step with its neighboring counties.

GEORGE BATTERTON,
County Judge.

EDITORIAL MUSINGS.

You and Your County Paper
A farmer told me a story once
about another farmer who went to
the editor of his county paper and
objected to the sort of news the pa-
per was giving.
"What sort of news do you want?"
the editor asked.
"I want to know about the county
affairs," said the farmer, "where
our road money is being spent, what
our county superintendent and board
of education are doing, what is really
coming into our local markets and
what it is actually bringing, what
farmers over the county are doing in
the way of farm improvement and
community betterment. These things
ought to be as interesting as the so-
ciety and personal notes to which you
give so much space, and they are
vastly more important."
And, as the story was told me, the
editor impressed by the "kick" and
the reasonableness of it, proceeded to
give his readers such news.
Now, to my thinking, there are a
whole lot of farmers who ought to

be talking the same way to the edi-
tors of their county papers. What
is more, they ought to be helping
those editors to make their papers
more vital and to get them in closer
touch with the rural sections. A live
county paper is one of the biggest
assets a county can have. A "dead"
paper, or one that is keeping alive
just to save funeral expenses, is a
liability rather than an asset. Some
editors would make a live paper in
the dearest community; some would
make a dead paper in the liveliest com-
munity; but most will make just
about the sort of paper that their
people demand. The papers a county
has are generally a fair guide to the
spirit of the county itself.

It follows, then, that the man who
complains about his local paper—and
I have heard numbers of farmers do
it—ought to help to make it better.
Often a good "talking to" the editor,
a presentation of the farm point of
view and an insistence on the paper's
getting something of that point of
view into its columns, will help a lot.
Always, whole-hearted co-operation
with the paper will help—subscribe
to the paper, read it, pay for it, tell
it the news when you have any, adver-
tise in it when you have something
to sell, express your views through it
when you wish to reach your neigh-
bors.

Few county papers are serving
their farm readers as well as they
might, it seems to me. But the farm-
ers themselves are largely responsi-
ble for this. The farmer who will
grumble about the poor paper he is
getting, it is safe to say, outnumbers
the farmer who will really try to
help his local editor make a more
truly representative paper at least
ten to one.

You're Right, Bessie!

Little Bessie Barriscale, who is a
well-known screen artist, says the
person who thinks he is tired of
pictures isn't right at all—he's tired
of what he has to live through first.

These Would Never Be Missed:

The customer who brings back the
suit which you already had altered.
Children who play tag on the
counters while the parents are trad-
ing.
The customer who brings back
merchandise purchased about two
months ago.
The traveling man who urges you
to buy more than you want, with
the statement that you cannot get it
later, and then gets right "sassy" be-
cause you don't buy.
The "saleslady" who chews gum
during business hours and finds time
to gossip with other salespeople
while waiting on customers.
The merchant who allows his show
windows to get stale, his sidewalk
rickety, and the storefront faded.
The employee who is eternally look-
ing for a row.
The employer who thinks no one
can do anything right but himself.
The merchant who thinks he is
the best buyer in town.
The "business man" who knows
that advertising is a waste of money.
And—
The merchant (?) who thinks he
hasn't time to read his trade paper.

A GOOD REASON WHY.

In a local cafe one day the past
week several customers were lined up
the lunch counter, disposing of their
lunches. The conversation drifted
from baseball and every conceivable
topic to that of carnival companies.
One of the men, a resident of George-
town, remarked: "Circuses and car-
nival companies have a hard time in
Paris, don't they, in finding a place
to show?"
Another man in the bunch, a loyal
Parisian, remarked: "Yes, that's a
fact. You see Paris is building up
and growing so fast that all the vac-
ant lots are being utilized. As a
matter of course there's plenty of
room in these "stand-still towns."
That ended the argument!

ANNUAL CONFEDERATE RE- UNION AT ATLANTA, OCTO- BER 7-10.

Confederates have received official
notice and accompanying literature
of the Twenty-ninth annual reunion
of the United Confederate Veterans
to be held this year at Atlanta on
October 7 to 10. At the same time
and place the Sons of Confederate
Veterans and the Confederate
Southern Memorial Association will
hold their annual conventions. The
Federal Railroad Administration has
granted a special rate of one cent a
mile to all Confederate Veterans and
Sons of Veterans who desire to at-
tend the reunion, and it is expected
that Central Kentucky will, as usual,
send a representative delegation to
participate in the big gathering.

Any relative of a Confederate Vet-
eran, even if the veteran is dead, may
secure the rate of one cent, it is stated
by N. B. Forrest, reunion general
secretary. Eligible for the rate are
all Confederate veterans and mem-
bers of their families, all Sons of
Confederate Veterans and members of
their families, all members of the
United Daughters of the Confederacy
and all ladies of the Confederate Mem-
orial Association. All sponsors and
maids—in fact, anyone who is con-
nected with the reunion in any offi-
cial way—can get the cheap rate.
In giving this rate, the government
requires all purchasers of tickets to
show identification certificates.

THE AMERICAN CITIZEN BECOM- ING "MOTOR WISE."

In former days the average Ameri-
can, when considering the purchase
of a car, took the salesman's word as
to its mechanical merits and merely
"looked wise" when he made a pass-
ing glance under the hood. His wife
would select the right colors for the
car, and the shape of upholstery—that
was all. But to-day he must be
shown.

Among other things, he has learned
by experience that, while a mag-
neto adds but a trifle more to the
original cost of a car, it saves its own
cost during the first few months in
lessened gasoline consumption. He
knows he gets more power and bet-
ter running from his engine because
of the hotter spark, which can be re-
lied upon at all times, and that he
has no ignition troubles to worry
about. The salesman who tries to
tell him otherwise will have to "show
cause."

There is a point in selling talk
when too many claims "unsell" a car.
Many arguments have arisen on the
question of ignition; its reliability,
its troubles, and its effect on gaso-
line consumption and engine power.
These can be avoided by admitting
frankly that for ignition purposes
the magneto, with its simple, self-
contained electric generation and big,
fat, reliable sparks, is always de-
pendable, whereas battery ignition is
subject to many deviations and
troubles, even if constantly watched
and cared for. In buying a car with
magneto ignition the "motor-wise"
prefer to buy safety and satisfaction
first.

DIZZINESS IS ANNOYING

As Many Paris People Know Too
Well.

When the kidneys are weak or dis-
ordering, they fall behind in filtering
the blood of poisons. As these poi-
sons attack the nerves, the result is
felt in spells of vertigo, just as
drunkenness will make a man dizzy
from the poisoning of alcohol. Dizzi-
ness, headache, backache and irregu-
larity of the kidney secretions are all
signs of weak or disordered kidneys
and should not be neglected. Use
Doan's Kidney Pills, the home-en-
dorsed kidney remedy. Read this
Paris resident's statement:

Mrs. J. W. Markland, 326 Eighth
Street, says: "Some few years ago I
suffered severely with kidney com-
plaint and some times was in a seri-
ous condition. I had a constant dull
ache across the small of my back
and I was terribly dizzy at times. I
have used Doan's Kidney Pills for this
trouble and they have helped me
more than anything else, always re-
lieving me of the complaints."

POSTER LEFT BY KIRBY SMITH IS STILL PRESERVED.

Miss Martha Miller, of Cynthia, a
same across a relic of the Civil War
which she has preserved since Gen.
Kirby Smith first visited Cynthia.
It was a colored poster, blue paper,
now faded and worn, which Smith's
men tacked to a tree on Main street.
Miss Miller was spending the night
there soon after the war broke out,
with Mrs. Oxley. The poster, printed
in large type, reads as follows:
"Kentuckians, I am authorized by
the President of the Confederacy to
organize troops and issue commis-
sions. I appeal to you to make one
effort for your principles, for your in-
stitutions and for your State. Rally
under your flag, organize and muster
your men in the cause of the South.
Breckinridge, Buckner and their
brave Kentuckians are on their way
to join you. Make one effort, strike
one blow, and your State will be saved
from Yankee thralldom and take
her place in the van of the Confed-
eracy, where her interests, her insti-
tutions and her principles rightly
place her."

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine

BE IT ORDAINED, by the Mayor
and the Board of Council of the City
of Paris that an election be and the
same is hereby called and ordered to
be held at the regular election to be
held in the City of Paris, on Tues-
day, the 4th day of November, 1919,
and that at said election there be
submitted to the qualified electors of
the City of Paris, Kentucky, the fol-
lowing proposition, to-wit:

"Are you in favor of issuing bonds
of the City of Paris, Kentucky, in the
sum of Sixty Thousand Dollars
(\$60,000.00) to be paid by levies
made annually to meet said bonds
and the interests thereof, for the
purpose of constructing and extending
the sanitary sewer system of the City
of Paris on the following streets, to-
wit:

"Main Street from Fourteenth

PARIS PUBLIC SCHOOLS OPEN
MONDAY, SEPT. 8.

The Paris Public Schools will open
the regular annual session Monday,
September 8, with prospects for a
most excellent year.

"The school is open free of any
charge to every child in the city of
Paris and it is hoped and believed
that every one will take advantage
of the opportunity offered them for
an education," said Superintendent
of City Schools Kirkpatrick, in dis-
cussing the prospects for the pres-
ent term.

"Never in the history of the world
has a liberal education been so
imperative as now. The Paris Public
Schools extend a cordial invitation
to those living outside the city school
district to attend the city schools,"
continued Prof. Kirkpatrick.

The rates of tuition for out-of-
town students are:
Grades 1, 2 and 3, \$35 per year.
Grades 4, 5 and 6, \$40 per year.
Grades 7, 8, and 9, \$50 per year.
Grades 10, 11 and 12, \$75 per
year.

There is a discount of ten per
cent. for two or more children from
the same family.

Laboratory science work will be-
gin this year with the Seventh
Grade and extend through the
Twelfth Grade. Much emphasis will
be placed on health education. It is
expected that the "Smith-Towner
Bill" now before Congress will soon
become a law. This law will provide
Federal aid for health education and
the Paris City Schools will have every
thing ready to be among the first
schools in the United States to take
advantage of this law.

A splendid program of physical
education including athletics of all
kinds for both girls and boys will be
carried out this year. The first
football practice will be held Wed-
nesday, September 10, at 3 o'clock.
Mr. C. B. Harrison, physical director
of the Y. M. C. A., will be in charge
of the squad. It is planned to
have 25 men out for the first prac-
tice.

During the present week the High
School office will be open from 10 a.
m. to 12 m. every day for Registra-
tion and any business connected with
the schools.

The class work will begin as fol-
lows:
Monday, September 8, 1, 2, 3, 4,
5 and 6 Grades.
Tuesday, September 9, 7, 8 and 9
Grades.
Wednesday, September 10, 10, 11
and 12 Grades.

OIL EXTRACTED FROM SLATE

W. G. Allen, of Estill county, while
in Mt. Sterling recently, said that
John Cox, a resident of his county,
who represents New York capitalists,
has purchased of him 63 acres of land
in Estill county, and of another party
400 acres, paying a liberal price.
These lands contain a large quantity
of slate that contains a high grade
of oil, one gallon extracted from the
slate being worth twenty-eight times
as much as crude oil. Mr. Allen
states he saw an expert take eight
ounces of slate, a product of these
lands, pulverize it, subject it to heat
and from it extract one and three-
sixths ounces of this fine oil. Mr.
Allen says plants will be put in and
it is expected this will become one of
the best paying industries of the
State.

Aviator Rohifs found it 25 degrees
below zero a few miles above Min-
neapolis.

COUNTY SCHOOLS OPEN WITH
GOOD ATTENDANCE.

The rural schools of Bourbon
County opened Monday, with few
exceptions, and the enrollment was
unusually heavy. Several of the
county schools were not opened on
account of not being able to secure
teachers but these vacancies are ex-
pected to be filled before the first
of next week. The Little Rock, Mil-
lerville and North Middletown
Graded Schools will begin Septem-
ber 8.

The condition of schools in the
county is said to be very good. Many
of the buildings have been exten-
sively repaired and remodeled and ev-
erything done to make the school rooms
attractive and comfortable to the
students, which will greatly eliminate
absences and tardiness.

Below is a list of the teachers of

AUTO ACCIDENTS FIGURE IN
NEWS COLUMNS.

Marion Gay and a party of friends
from Mt. Sterling were in a car
which overturned on the road near
North Middletown. Two wheels
were smashed and considerable other
damage was done. The men were
uninjured except for a few bruises.

An automobile belonging to Nath-
an Young, was standing on Main
street, in Carlisle. The engine was
running and Dutch Feedback attempt-
ed to release the brakes on the car,
put the car in gear and not having
any experience in driving motor ve-
hicles, it moved slowly across the
road and into the ditch at Archdeacon's
corner.

A large truck belonging to the
Blue Grass Produce Company, of Car-
lisle, ran into Brush Fork Creek. One
of the chauffeurs had driven the car
to his home on Spring street and left
it to go into his home for dinner
when a small boy climbed into the
car, released the brakes and seeing
the car move off jumped out. The
car dashed down a steep bank into
the creek.

MADISON COUNTY MAN TO suc-
CEED WILEY.

Governor Black announced the ap-
pointment of Joe S. Boggs, of Rich-
mond, as State Commissioner of
Roads to succeed Rodman Wiley, of
Georgetown, who recently resigned
to accept the position of chief en-
gineer for the Kentucky Rock Asphalt
Company.

Mr. Boggs, who is a graduate of
Central University, has been an en-
gineer for the last sixteen years. He
was formerly country surveyor of
Madison county and for sometime has
been connected with the State Board
department as division engineer. He
is well and favorably known through-
out Central Kentucky and his selec-
tion is regarded as a good one. It is
understood that he will assume the
duties of the office immediately upon
the retirement of Mr. Wiley.

As a substitute for horsehair in
upholstery the waste from cleaning
Bahama seal fiber is being used.

BOURBON FARMING CONDITIONS.

Late tobacco and corn crops have
made excellent growth in this county
the past week and both will be much
better than was expected two weeks
ago. Under the beneficent influence
of hard rains and sunshine the past-
ures have taken on new life thus as-
suring good grazing for the future.
Fall plowing is now being pushed
and rye is being sown on the fields
that have been cleared of tobacco.
Plowing for wheat is also going on,
and the seed factor is one that's caus-
ing the farmer considerable worry.
Very little high grade wheat was
produced here the past season and
seed wheat will of necessity be high.

Much tobacco has already been cut
and the work of topping cutting and
housing the weed is occupying a
large part of the farmers' time. It is
thought the tobacco crop will be a
fair one, though the spotted appear-
ance of the fields has not entirely dis-
appeared. The livestock market is
looking up. The shortage of cars has
held back shipments and many cattle
sold as far back as two weeks ago are
still in the pastures.

The Proposed Road Tax of Bourbon County.

MR. EDITOR:—We hear many persons who are interested either directly or indirectly advocating the road tax in the form that it has been proposed, but those who for one reason or another oppose it, seldom take time to state their reasons.

If one will stop to think there are many objections to the proposition, and while we are not going to discuss the matter at length, there are some things that occur to us to which the attention of the public should be called.

At the meeting Tuesday night one of the speakers said that this was no time for the fellow, who plodded or drove along at the rate of four or five miles an hour; that this was an age of progression. Another speaker, a lawyer, said that it was true that the law did not permit the delegating of power to any Commission longer than the expiration of the terms of the members of a Fiscal Court, which is two years.

Every advocate of this tremendous tax admits that the big automobiles and heavy trucks are responsible for the rapid wear of the roads, and yet we have not heard of a single one advocating the taking of this tax off the owner of the small house and lot and small business place, and placing it where it properly belongs, on the big automobile owner and the big business employing so many automobiles and trucks.

They say no one is to get anything out of this big tax, yet they are advocating the borrowing of these huge sums of money just as if these same people who are its loudest advocates would loan the poor widow \$100.00 unless she paid interest at the rate of six per cent. or more and gave a mortgage to secure payment; yet would not charge interest on these large sums. Of course interest will have to be paid. And there are the Sheriff and Deputies all out telling how foolish and unprogressive

(Advertisement.)

you are when you tell them you are opposed to the high taxes and many assessments on your property. Of course, they are looking out for their own interest. They get four per cent. for collecting this \$1,140,000.00, which amounts to \$4,600.00. Do not be misled by the cunning "guardian" of the "people's interest," who is sending his agents about the county to mislead you with his juggle of figures about creating a sinking fund that will take care of this bond issue, etc., just as if this would never have to be paid back. The war has just been won and there are its costs to be met, and they are many. The people are burdened with taxes, National, State, County, City and District, and it is a bad time to be heaping so many taxes on property generally.

Why not postpone this stupendous tax until building material and labor are more reasonable? Vote "NO" on both of these propositions and thereby do a great deed in helping the small property owner, who is now struggling against high taxes and increased rentals in every form.

Why should some folks wax so warm and get so red in the face because some dare oppose them in trying to make clear to you, Mr. Taxpayer, this great and important matter which effects every property owner in the county?

It is amazing what great interest these "money lenders" are professing for "cross-road" pikes just now, when they admit that the main roads and a few pet communities will be taken care of first, then, as usual, the money will all be gone and the "cross-road" pikes left to the future. There must be an end somewhere to this increased tax mania of the present day. The people must resist or they cannot pay the taxes that will be heaped upon them from year to year. Now is the time to stop.

TAX PAYERS.

THOUGHT 'T WAS A "FLYER."

A group of citizens were standing on the corner of Fourth and Main streets, discussing the weather and other kindred topics, when suddenly there was a humming, droning sound in the air as if an aeroplane was making a flight over the city. With necks craned as long as they could be stretched out the men "rubbered" until their straining eyes could see almost beyond the blue of the sky, but no aerial visitor greeted their vision.

The sound was heard by others who came from stores and other places in a hurried effort to get a glimpse of the supposed high-up visitor. The sound continued, growing in volume. Suddenly a large bird appeared high in the air and the rubbernecks were confident they had solved the mystery. But they were all mistaken, as, in a few minutes, a repair man from a nearby garage emerged from beneath a large machine standing near the curbing some distance away, and exclaimed, as he gathered up his tools: "There now, I guess that old auto horn will quit its music and begin to act right." An auto horn on the machine had become jammed in some manner, and in an endeavor to get it on the right road again, the owner of the machine had made it worse. Hence, the aeroplane effect, and hence, the disappointed spectators.

RUBIN & CHERRY CARNIVAL COMPANY NEXT WEEK.

The Rubin & Cherry Carnival Co., which is rounding out a week's engagement at the Blue Grass Fair, in Lexington, will arrive in Paris, Sunday, and pitch its tents on the Wilson lot near the Tenth street passenger station of the L. & N., for a week's engagement.

The Rubin & Cherry "outfit" is rated as one of the topnotchers in the carnival attraction line, and is made up of a long list of high-class attractions. The company is being brought to Paris under the auspices of the Paris fire department. The citizens of the county may look forward to a week of pleasure from Monday to Saturday, with all the trimmings.

MEMORIAL HALL DESCRIBED TO STATE SCHOOL HEADS.

In order to arouse interest among the school authorities of the State in Memorial Hall to be erected on the University of Kentucky campus in memory of the 2,756 Kentuckians killed during the World's War, Superintendent of Public Instruction V. O. Gilbert is sending out the first series of letters to city and county school superintendents. In the letter he says that the boys and men who made the supreme sacrifice were fighting for an ideal and for the honor of Kentucky.

A tablet will be placed in the Hall of Fame on which will be engraved the names of the Kentuckians who gave their lives. War relics and records pertaining to Kentucky's part in the war will be collected for the Hall of Fame.

MRS. BRUER CELEBRATES HER EIGHTY-SIXTH BIRTHDAY.

Quite a happy surprise was given to Mrs. Mary Bruer at her home on Fourth Street, Saturday afternoon, when about thirty-five of her friends called at different hours during the afternoon to offer congratulations upon her eighty-sixth birthday.

Her daughter, Miss Louie, assisted by Mrs. Geo. Ellis, Mrs. H. A. Power and Miss Sara Power, served ices and cakes to the friends.

At the close of the afternoon, Rev. and Mrs. G. R. Combs, Dr. B. F. Orr and daughter, Miss Olivia, Mr. and Mrs. C. P. Cook, Mr. and Mrs. H. A. Power called, and while seated in the dining-room, Rev. Combs, who is Mrs. Bruer's pastor, paid a beautiful tribute to her life and offered congratulations and felicitations upon the attainment of such a long and useful life.

Dr. Orr offered a prayer, which was a fitting close for so happy an occasion.

A friend present wrote the following poem and dedicated it to Mrs. Bruer:

Softly, oh softly, the years have
swept by thee,
Touching thee lightly with tenderest
care,
Sorrow and death they have often
brought nigh thee,
Yet they have left thee but beauty
to wear.

Growing old willingly,
Thankful, serene.

Four-score and six are the years
given thee,
Full of good deeds and service they've
been,

Many the life that has been bright-
ened by thee,
Helped and encouraged and turned
from their sin.

Growing old happily,
Cheerful and bright.

Rich in experience that angels might
covet,

Rich in faith that hath grown with
the years,

Rich in a love that grew from and
above it,

Soothing thy sorrows and hushing
thy fears.

Growing old wealthily,
Loving and dear.

Eyes that grow dim to earth and its
glory,

Have a sweet recompense earth can
not know,

Ears that grow dull to the world and
its story,

Drink in the songs that from Para-
dise flow.

Growing old gracefully,
Purer than snow.

ESCAPED INMATE RETURNED.

Henry Singleton, a colored inmate of the Eastern Kentucky Hospital for the Insane, at Lexington, who escaped from that institution, Monday, was captured near the home of Mrs. Ed. Turner, Tuesday morning by Chief of Police Link. Singleton was held until officials from the Hospital came to Paris and took him back.

Singleton had visited several farm houses along the Lexington pike. At each place visited he climbed a tree and began in loud tones to exhort and preach to those who had gathered around him. His final appearance was at the Turner home, where he was discovered, eating grass on the lawn. His arrest followed.

LODGE NOTES.

At the meeting of the "Dokies," the Knights of Pythias auxiliary, held in Lexington, this week, the following members of Rathbone Lodge were initiated: J. B. Peterson, Roscoe Carmichael, B. R. Dickerson, Thos. Williams, Thos. Boaz and Louis Wollstein.

The lodge room for the Pythian Sisterhood, the ladies auxiliary of the Knights of Pythias, has been completed, and was used for the first time at the meeting held last night.

The committee, Knights John K. Cahal, P. J. McCord and Chas. W. Fothergill, appointed by Rathbone Lodge, K. of P., will begin their canvass in a few days in the interest of the \$100,000 endowment campaign for the K. of P. Widows' and Orphans' Home at Lexington. This county has 300 members, each one of whom will be expected to make a contribution of \$10 to make up Bourbon's quota, \$2,800. These contributions are to be voluntary, and can be paid in four installments. The committee expects to see every member.

DELEGATES TO D. OF C. CONVEN- TIONS SELECTED.

Delegates to represent the Richard Hawes Chapter, Daughters of Confederacy of Paris, at the State Convention in Paducah, September 17-18, and the National Convention at Tampa, Florida, Oct. 28-29, were selected at a meeting of the Chapter, held in their rooms in the court house.

The following were selected to attend the Paducah convention: Mrs. C. C. Leer, Miss Carroll Leer, Mrs. Ada Rice, Mrs. Russell Mann, Mrs. A. B. Hancock. Those who will go to the National Convention are Mrs. Russell Mann and Mrs. Ada Rice.

Mrs. J. T. Vansant presided at the meeting, where considerable business of a routine nature was transacted. The winter program is being arranged.

TEACHERS' INSTITUTE.

The white Teachers' Institute of Bourbon county will convene at the court house in this city, Monday. Mrs. Robert Bell has been recommended for the position of organizing the Parents-Teachers organization. The Institute will be conducted by Prof. Charles A. Keith, of the Eastern Kentucky Normal School, at Richmond.

The elaborate processes of making change now found necessary may call for a restoration of the old 2 and 3-cent pieces.

A MAGNIFICENT Bourbon County Farm OF 540 ACRES, IN FIVE TRACTS AT AUCTION Wednesday, Sept. 10, at 10.30 A.M.

This is the well known Idlewild Stock Farm, the property of B. F. Buckley, situated fourteen miles from Lexington, on the Russell Cave pike, and seven miles from Paris, ten miles from Cynthiana, eleven miles from Georgetown. This farm is divided into five tracts. All the tracts are situated near a graded school and front on well improved pikes. Each tract constitutes a separate well improved farm.

TRACT NO. 1—Idlewild—an exquisite home, located in beautiful woodland. An eleven-room house, most artistically finished by George Connell, who decorated the Governor's mansion at Frankfort, hardwood floors, hot water heated, acetylene lighted, slate roof, concrete cellar, two bath rooms, servants' house and all outbuildings.

This tract contains 208 acres, 65 acres in old forest woodland, 50 acres in cultivation, 16 acres in young clover and the balance in old blue grass sod. One barn 96 by 54 by 20 with 200 ton concrete silo attached. Three good stock barns with water in each. This tract is extra well watered and extra well fenced.

TRACT NO. 2—Fairview. Directly across the Russell Cave pike from Tract No. 1, comprising one hundred acres, all in old blue grass. Has a splendid 10-room brick house, garage, good barn, new stock scales on concrete foundation and all necessary outbuildings. Newly fenced and well watered. This tract is better known as the James Rowland farm.

TRACT NO. 3—The Will Sudduth farm, adjoining Tract No. 2, comprising 55 acres, has two good houses, one 14-acre tobacco barn. All in young grass except 16 acres. Extra well fenced and watered. This tract has a famous sulphur well on it.

TRACT NO. 4—The Berry Place, adjoining Tract No. 1 and fronting the Russell Cave pike, comprising 100 acres. Has a five-room house, brand new 10-acre tobacco barn. Fencing extra good, well watered. All in old blue grass sod except ten acres.

TRACT NO. 5—The Froman Place, comprising 76 acres, lying just across the Russell Cave pike from Tract No. 4. Has a beautiful seven-room house, a new 10-acre tobacco barn; all in grass. Watered by two splendid ponds, cistern at door, extra well fenced.

The following personal property and equipment will also be sold: Two extra Jacks; good Percheron stallion; two good Percheron mares with colts; two teams of five and six-year-old mules; broodmares and colts; 2 four-year-old Percheron work horses; saddle horse; 3 extra cows and calves; 3 yearling calves; 1 yearling bull; 80 extra stock ewes with three bucks; 11 brook sows; 75 hogs from 75 to 150 pounds. 75 tons of extra baled mixed hay.

Implements of every description, including one practically new Titan tractor with all equipment, one new 17 by 22 I. H. C. hay press, one Blizard cutter complete, one cultipacker, 2-ton horse rakes, harrows, cultivators, plows, wagons, trucks, scrapers and tools of all kinds. Also Household and Kitchen Furniture.

The owner, B. F. Buckley, having moved to Lexington finds it necessary to give all his attention to other business. After owning and improving this land for twenty years, the public now has an opportunity to set the price.

ATTENDING THE BLUE GRASS FAIR.

With the exception of those whose business duties kept them at home, Paris was almost deserted yesterday. Everyone who could go and wanted to go, attended the Blue Grass Fair at Lexington. The attendance from this county has been large all through the week, but as Thursday is always the banner day, "everybody was there."

TURNPIKE REPAIRS COMPLETED

Contractor John "Peter" Cain has completed his contract of repairing the Greenwich pike from the intersection of the Paris and Lexington pike, to the Fayette county line. He has moved the rock crusher plant from the Jacoby quarry to the quarry on the farm of E. P. Claybrook, near Hutchison, and is working on the resurfacing of the Hutchison and Bethlehem pike.

B-4 FIRE Insure with W.O. HINTON & SON, Agts

TENANT HOUSE DAMAGED BY SMALL FIRE.

An alarm from Box 24 Wednesday afternoon called the fire department to Sycamore street, where a tenant house occupied by colored people, had caught fire from a defective flue. The blaze was a stubborn one and took considerable time to subdue.

The house, which was owned by Dr. George Varden, was damaged to the extent of about \$300.

PARIS MAN "RUNS WILD."

William Lawrence, of Paris, recently discharged from the army service, was arrested in Louisville, fined \$15 and costs and placed under bond of \$300 for three months on a charge of disorderly conduct. Lawrence and several others were arrested at a house at Tenth and Walnut streets, in a raid made by the police. The men claimed they were on their way to the Tenth-street L. & N. passenger station, and had only been at the house twenty minutes.

GOOD ROADS MEETING

A large audience composed of those mainly interested in the good roads movement for Bourbon county, was present at the court house Tuesday night, when local speakers discoursed on the merits of the movement.

Talks were given on the subject by John T. Collins, John J. Williams, E. M. Dickinson and Judge George Batterson. In his remarks Mr. Dickinson said that the men behind the good roads movement were the ones who had made a success of all the big drives put through in Bourbon county, and that they ought to be successful in this instance, as the drives of the county would be vitally affected by the result of the special election to be held to-morrow.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—take up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

LOWER RETAIL PRICES COMING.

Unless reductions in wholesale food prices resulting from sharp breaks on the produce markets are passed on to the consumer, vigorous punitive action will be taken by the Department of Justice, it was stated. Since most dealers now are co-operating in the campaign to reduce living costs, officials said the lower wholesale prices should be reflected on the retail market in the near future.

Profiteering in sugar virtually has ceased, according to Judge Ames, assistant to the Attorney General in charge of administering the food control. Eleven cents, he said, now is accepted as the just price by dealers throughout the country.

It has just about gotten so in this country that when a rich bachelor has nephews they will come miles to crank his automobile for him.

STATE TAX COMMISSIONER'S TAX FIGURES FOR YEAR.

FRANKFORT, KY., Sept. 4.—The total assessment of lands for 1919 amounts to \$1,786,639,837 which is an increase of \$382,661,787 over 1918. The total taxes on the assessment amounts to \$6,922,490.20 or an increase of \$1,457,522.58 over last year.

In 1918 the total assessment of lands amounted to \$1,403,978,050 and the total taxes \$5,464,967.62.

The total assessment on bank deposits for 1919 at the ten cent rate amounts to \$209,372,483. In 1917 when the tax rate on bank deposits was fifty-five cents the total assessment of bank deposits was \$11,277,196.

The State Tax Commission has prepared figures showing the taxes for the present year as follows:

Lands	\$2,652,412.75
Town Lots	1,471,560.61
Live Stock	74,689.72
Intangibles	1,452,684.32
All other property	1,270,792.82

Total taxes—\$6,922,490.20
In 1918 the total taxes were as follows:

Lands	\$2,117,561.73
Town Lots	1,366,369.51
Live Stock	50,314.86
Intangibles	905,393.52
All other property	1,025,328.00

Total—\$5,464,967.62
The taxes on all this class of property, with the exception of live stock is secured on a forty cent tax rate. The rate on live stock subject to tax is ten cents.

In setting a question which originated in Louisville on the tax question the commission ordered that all property be assessed at a fair cash value sale as of July 1, 1919. The points involved in the question were the assessment of diamonds and automobiles. It was represented to the commission that in Louisville diamonds were being assessed, not at their value, but by carats and that automobiles were being assessed according to age. For instance a man with a two year old automobile practically worn out had to pay the same amount of taxes on his car as a man with a two year old car which was good as new.

MEXICAN PRESIDENT DEFENDS MEXICO IN OPENING SESSION

MEXICO CITY, Sept. 3.—A defense of Mexico against foreign representation, particularly from the United States, regarding the lives of foreigners and their property, was contained in a message of President Venustiano Carranza, read at the opening session of Congress Monday night.

Particular reference was made in the message to alleged injustices practiced against Mexicans in the United States.

A long list of the alleged offenses was given under the section of the address devoted to foreign relations.

The message also defended Mexico's neutrality during the World War and protested against charges that the Mexican Government was incapable and unwilling to protect foreign lives and property.

In the message President Carranza asserted that Mexico did not ask for admission to the League of Nations because, he said, the League did not establish equality for all nations and races.

He reiterated that Mexico had not and would not, recognize the Monroe doctrine.

Regarding oil legislation, the message said the Government was willing to consolidate, but would not sacrifice its national sovereignty.

There is more Catarrh in this section of the country than all other disease put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Who Founded Jerusalem?

Origin and early history are obscure. It was identified by Josephus with Salem, a city whose king some thirty-five centuries ago was Melchisedech, a Chaldean. The city did not pass completely to possession of the Jews until the time of David.

To accustom oneself to disregard the accidents of manner and station sufficiently to see the man as he is, to have a clear sight for genuine character under any of the disguises of unfamiliarity and prejudice, to know how simple and how common are the elements that go to the making of manhood, are the paths that lead to belief in democracy.—George E. A Coated Tongue? What it Means

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually signs that the liver is out of order. PROF. HEM-METER says: "The liver is an organ secondary in importance only to the heart."

We can manufacture poisons within our own bodies which are as deadly as a snake's venom.

The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation.

A blockade in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned and the system becomes loaded with toxic waste, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, yellow skin or eyes. At such times one should take castor oil or a pleasant laxative. Such a one is made of May-apple, leaves of aloe and jalap, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Pellets.

JUST WHAT SHE NEEDED.

"I used a bottle of Chamberlain's Tablets some time ago and they proved to be just what I needed," writes Mrs. Volta Bankson, Chillicothe, Mo. "They not only relieved me of indigestion, but toned up my liver and rid me of backache and dizziness that I had been subject to for some time. They did me a world of good and I will always speak a good word for them."

ROBIN COOPER FOUND DEAD NEAR NASHVILLE.

NASHVILLE, TENN., Sept. 3.—Robin J. Cooper, a Nashville attorney, whose trial for killing a former United States Senator Edward W. Carmack, during the celebrated pistol duel between his father, Colonel D. B. Cooper and Carmack in 1908 attention, has been murdered here under mysterious circumstances.

Cooper's body was taken from Richland Creek Saturday soon after his bloodstained automobile had been found on a bridge near his home in the fashionable Belle Meade Park section. The skull had been crushed, but there were evidences that a violent struggle had taken place before the fatal blow was struck.

A coroner's inquest late Saturday developed no clues to the murderer or murderers, but the police are proceeding on the theory that Cooper was lured from his home by persons determined to rob him.

This theory is based largely upon evidences that Cooper drew \$10,000 from a bank a short time before he disappeared last Thursday night.

An automobile stopped at the Cooper home Thursday night, and, according to the police, the occupant sought a fresh supply of gasoline. Mr. Cooper, without hat or coat, got out his own car to accompany the man to a garage.

The authorities assume that the young lawyer was lured from his home to the secluded bridge over the creek and there done to death. The condition of his clothing indicated that he had been dragged some distance before he was thrown into the water. Physicians who examined the body said the small amount of water found in the lungs was evidence that Cooper was dead when dropped into the creek.

Mrs. Cooper, who is a daughter of Milton J. Smith, President of the Louisville & Nashville Railroad, has been visiting relatives in Louisville, Ky., and her absence accounts for the fact that the disappearance of her husband did not become known until Saturday.

There was no evidence that the Cooper home had been robbed after the murder, and some doubt has been expressed that the lawyer would have any great sum on his person. His empty pocketbook, however, was found in the bottom of the automobile.

Governor Roberts has offered a reward of \$500 for the arrest and conviction of the murderers of the lawyer. This later was supplemented by an offer of a similar amount by the family. The police admit that they have nothing on which to work in solving the mystery.

The killing of former Senator Carmack grew out of the race between Carmack and former Governor Patterson for Governor in 1908. Colonel D. B. Cooper, father of the young lawyer, was one of the closest advisers of Patterson and ill-feeling between Cooper and Carmack developed during the political campaign.

After the election the two met on the street and exchanged shots. Young Cooper was with his father and fired the shot that caused Carmack's death. Both father and son were convicted by the lower court of murder in the second degree, but the State Supreme Court reversed the verdict as to the son and remanded his case for a new trial. When young Cooper was brought to trial again the charge was dropped.

Colonel Cooper never served any part of his sentence, having been pardoned by Governor Patterson.

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says: "I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. Marie Boyd, 1421 5th St., N. E., Canton, Ohio.

KENTUCKIAN TO COMMAND ARMY OF OCCUPATION.

Kentuckians generally will take pride in the fact that the commander of the American forces to be left in Germany as an army of occupation is one of their fellow citizens.

Announcement has been made by the War Department that Major General Henry T. Allen is to be in command of the American forces in Germany. General Allen is from Owensville, Bath County, Ky., and is well-known by many persons in Paris and the surrounding country.

The American force to be maintained in Germany has been considerably reduced and his command probably will not consist of more than 8,000 or 10,000 men. But the number of men does not indicate the importance of the command. The responsibility is as great as though the number of men was much larger and General Allen, as commander of the army of occupation, will have one of the most important posts under the government.

LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sunburn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles, sunburn, windburn and tan disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

Evangelistic services will be held each afternoon at 3 o'clock and the different conference boards will hold their annual meetings when open-air services will also be conducted.

STOCK, CROP, ETC.

If the initial sales of tobacco are any indication, the prices for the weed to be paid the coming season will be much higher than last winter. A sale was made on the street at Frankfort of an entire crop at sixty cents per pound, leaf, lugs and all.

Good judges estimate that the 1919 tobacco crop of Bourbon county will be of inferior quality and lacking in weight, as compared to that of last year. They also say the crop will not bring the farmers of Bourbon county the same revenue as did the 1918 crop. The loss is estimated by some of the tobacco men at practically two per cent., while others place it at twenty-five per cent., figuring that the crop is just as good as last year in quality and as high in price.

BIRTHS.

—Mr. and Mrs. Ayelette Buckner, of near Paris, have the good wishes of all for their daughter, born at their home Monday. The young lady has been christened Elizabeth Crutcher Buckner, in honor of one of the most popular young women of Paris.

"On the reverse of the faded sheet of paper a diagram is drawn and the following verse is written in a fine hand and signed 'John Wheeler, Esq.'"

"I am compelled to plant a Grove To entertain the maid I love. This ample Grove I must compose Of nineteen trees in nine straight Rows,

And in each Row five trees must place Or never expect to see her face. Ye sons of art, grant me your aid To satisfy this curious maid."

"Who can draw the diagram to satisfy this 'curious maid' of ye ancient times?"

DEATHS.

MCKINLEY.

—Mr. John T. McKinley, one of the oldest, if not the oldest, man in Harrison county, died at his home near Pointexter, in that county, after a short illness due to the infirmities of age. At the time of his death Mr. McKinley was in his ninety-third year. He was a well-known farmer.

Mr. McKinley is survived by eight children, two of whom Mrs. William Brannock and Mrs. A. J. Tucker, reside in this county, the former in Paris and the latter at Shawhan.

The funeral was held Monday, morning at ten o'clock, with services conducted at the old McKinley graveyard by Rev. R. H. Tolle.

MATRIMONIAL.

REAL ESTATE TRANSACTIONS

Harris & Speakes sold yesterday afternoon at public auction the Allie T. Padgett home, on Ferguson street, to Mr. James Daugherty, of Paris, for \$1,305. The former owner has moved to Covington to reside.

One reason why brides get lots of brass soon after they are married is because that is about the only kind of jewelry the groom can afford to buy.

Food profiteers should at least take an academic interest in the announcement that scientists have isolated the germ of hunger.

RECENT STOCK TRANSACTIONS.

Mr. C. W. Wilson, County Demonstration Agent for Pulaski county, was in Bourbon county recently, looking over the herds of registered Shorthorn cattle. Mr. Wilson was sent here by the directors of the Pulaski County Fair for the purpose of buying two registered Shorthorn bull calves. These he found at the stock farm of Mr. Jesse Letton, near Paris. The calves were shipped to Somerset and were on exhibition at the fair held in Somerset this week. Mr. Wilson paid \$125 per head for the animals.

Mr. Allie G. Jones, of near North Middletown, who is grooming a lot of fine horses for exhibition at the Kentucky State Fair, sold a few days ago a four-year-old saddle gelding by Bourbon King, to Mr. J. L. Clarke, of Ashland, Ohio.

Mr. William Kenney Ferguson, of near Paris, received recently a carload of twenty-five high-grade Shorthorn and Polled Angus cattle, raised in Hale county, Alabama. The cattle are two years old, and weighed 1,065 pounds each. Mr. Ferguson will put the cattle in good condition and send them to the fall market about November 1.

Solves Your Heating Problem

PREPARE now for next winter's heating with a Williamson Pipeless Furnace. Its single register sends glowing warmth all through your house. It saves the bother of stoves or grates, burns hard or soft coal, coke or wood.

The WILLIAMSON PIPELESS FURNACE

a blessing last winter. It is easily installed without tearing up floors and walls for pipes and flues. It goes into the cellar but does not heat it. Come in and see this substantial, well-built furnace. It is a fuel and labor saver.
